

MEI Conferences 2015-17

www.min-eng.com/conferences/

Comminution '16

April 11-14, 2016

Cape Town, South Africa

Sponsored by: Cenotec, CITIC Heavy Industries, Outotec, Russell Mineral Equipment, AT International, FLSmidth, Industrie Bitossi, TOMS, Grinding Solutions, King's Ceramics & Chemicals, Crush Force, CEEC, Industrial Minerals, Keramos, Starkey & Associates, Magotteaux, International Mining & Zeiss

Biohydrometallurgy '16

June 20-22, 2016

Falmouth, Cornwall, UK

Sponsored by: Outotec & International Mining

Sustainable Minerals '16

June 23-24, 2016

Falmouth, Cornwall, UK

Sponsored by: Outotec, Industrial Minerals & International Mining

Precious Metals '16

October 18-19, 2016

Falmouth, UK

Sponsored by: International Mining

Processing of Nickel & Cobalt Ores '16

October 20-21, 2016

Falmouth, UK

Sponsored by: International Mining

Process Mineralogy '17

March 20-22, 2017

Cape Town, South Africa

Sponsored by: Petrolab, Zeiss, Bruker, FEI & International Mining

Computational Modelling '17

June 13-14, 2017

Falmouth, UK

Sponsored by: International Mining

Physical Separation '17

June 15-16, 2017

Falmouth, UK

Sponsored by: International Mining & Industrial Minerals

MEI Conferences are sponsored by:

Starkey & Associates

Daily updates and photos from all MEI Conferences will be posted on Twitter (@barrywills) and on the MEI Blog (www.min-eng.blogspot.com)

The following are a selection of testimonials received by MEI Conferences:

▶ *The word on block all over the world is "don't miss one of your [MEI] conferences"*

Prof. Cyril O'Connor, Chairman, International Mineral Processing Council

▶ *"Congratulations on Flotation 2007. It was an excellent meeting."*

Prof. Graeme Jameson, University of Newcastle, Australia

▶ *"Once again a well organised conference [Computational Modelling '13] by MEI. That's why I bring along doctoral students and fellow researchers to it."*

Dr Bertil Pålsson, Luleå University of Technology, Sweden

▶ *"This conference [Process Mineralogy '12] has developed into a leading forum for Process Mineralogy."*

Dr. Wolfgang Baum, FLSmidth, USA

▶ *"This intimate conference [Nickel Processing '12] was excellent, smoothly run ... with a good range of papers covering most aspects of nickel processing of both laterites and sulphides. The venue was first-rate and the conference set aside the right amount of time to meet and have discussions with fellow delegates."*

Anne Oxley, Alyssum Ventures, UK

▶ *"Comminution '14 not only enhanced my knowledge but also helped me identify solutions to the milling circuit I manage. Some of the discussions we had, we have carried them forward as part of the business process improvements. I also managed to identify with a huge pool of knowledgeable people from across the world."*

Clifford Farai Mutevhe, Anglo American Platinum, Zimbabwe

▶ *"Physical Separation 09 was my first professional international conference which was held in a very unique friendly atmosphere. In amazing sessions, I got a great amount of important insights and useful information. I impatiently look forward to take part in another MEI conference next year."*

Golnaz Jozanikohan, University of Tehran, Iran

▶ *"It was a great pleasure to meet you at Physical Separation '09 in Falmouth, a nicely organized event that I enjoyed very much indeed. Being able to discuss with other colleagues our interests at a greater length, I should also say that Physical Separation '09 was a great occasion."*

G. Dodbiba, University of Tokyo, Japan

▶ *"I congratulate you for a very successful conference. I met valuable colleagues which may result in lasting relationships. This Comminution 08 conference did move my career forward in a meaningful way. It was one of the most productive conferences I have ever attended."*

Prof. Tarik Ozkahraman, University of Suleyman, Turkey

▶ *"This conference [Flotation 07] will go down in the history of flotation as a point of reference when flotation turned a new page and moved on to its next level of knowledge and best practice."*

Dr. Norman Lotter, Xstrata Process Technology, Canada

▶ *"Thanks Barry to you and your team for all the hard work in bringing the conference [SRCR '11] together. Great conference after-hours activities and I thoroughly enjoyed myself over the full three days."*

Glen Corder, Sustainable Minerals Institute, Australia

▶ *"Thanks for the conference [Comminution '10]. It was a great networking opportunity and an excellent variety of papers and topics were discussed."*

Braam Durant, Anglo Platinum - DML, South Africa
