EXCLUSIVE WORKSHOP

The evolution of the Jameson Cell:

Smarter designs, broader applications

SUNDAY 16 NOVEMBER, 4PM

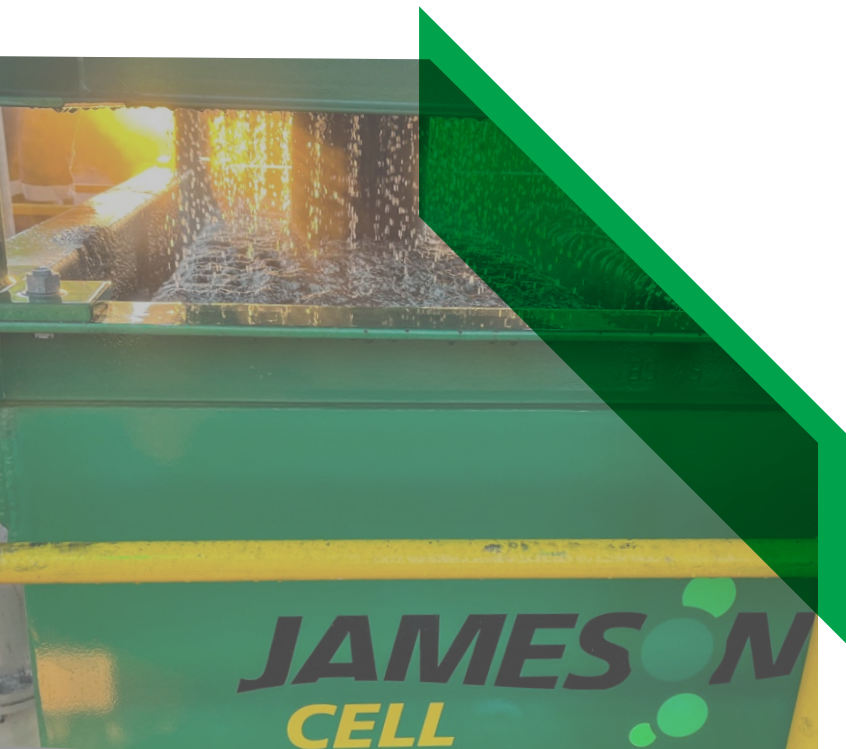

PRESENTED BY

GLENCORE TECHNOLOGY

Cape Town
South Africa

AGENDA

Join us for a dynamic workshop on the future of the Jameson Cell technology. You'll gain insight into new applications, understand available test work options, and explore current industry perspectives. This is your chance to engage in open dialogue, address common misconceptions, and learn how industry leaders are leveraging Jameson Cells now and for the future.
